

## Non-Competing Continuation Certification Statement

It is understood that all parties to this submission are in compliance with the Federal Regulations regarding Debarment and Suspension, Drug-Free Workplace, Lobbying, and Federal Debt Delinquency, Conflict of Interest and any other requirements published by the sponsor in connection with this funding application. It should be further understood that the approvals given on this form represent general approval of technical merit, allocation of University resources and fiscal budgeting, but do not represent specific approval of personnel title classifications or salary rates. Where funds are requested for the purchase of equipment, a determination has been made that no other equipment at the University is available or accessible or suitable for the intended use in accordance with Manual for the Procurement and Maintenance of Federally Obtained Property.
